Frontier Communicator for Mobile

You can use your Frontier phone service to make or receive calls from your desk phone, your PC or MAC, and your mobile devices.

For this to work on your mobile or tablet, you need to install the Frontier Communicator for Mobile app. This guide will help you to do that.

Ensure your Device is Compatible

Frontier Communicator for Mobile works on:

- Android phones and tablets using version 5.0 or
- iOS devices running iOS 10.0 or later.

Video calling only works on devices that have a front-facing camera.

Find your Password

You need your Company CommPortal phone number and password to start using Frontier Communicator for Mobile. If you don't have this information, call us on 833-767-8862. You will be prompted to change the password as part of completing the login process.

Download and Install the App

Search for Frontier Communicator in Google Play or iTunes and touch **Install** to download the app to your device. Check the Terms & Conditions and touch Accept & Continue.

Tap Open on the app and select Frontier as your Carrier. Enter your Frontier Phone Number and Password and tap Log in.

If you want to have the ability to switch calls to your own cellular network (for example, if you move to an area with poor Wi-Fi connection during a call made on Frontier Communicator) enter your own mobile phone number and tap Continue.

Exploring Frontier Communicator

Frontier Communicator for Mobile is like having your desk phone on your mobile. You can make and receive calls, hold calls, transfer calls, and make three-way calls. You can even push and pull calls from your phone to other twinned devices, mid-call.

You can also use Frontier Communicator to send messages to other people in your corporate directory who are using Frontier Communicator (on any device).

Frontier Communicator uses the Wi-Fi, broadband, or mobile data services available, so you can make and receive calls without using your mobile minutes.

You can access the Frontier Communicator features using the Contacts, Phone, Chat and Meetings tabs.

Contacts Tab

Frontier Communicator for Mobile assembles a contact list for you to use. Select the **Contacts** tab to view your Contacts list. Depending on how your

service is set up, the Contacts list may include:

- contacts that you type into Frontier Communicator for Mobile
- contacts stored on your mobile device
- contacts in CommPortal contacts
- contacts in your corporate directory.

The contact's status appears in a speech bubble next to their profile picture. Tap on a contact to access Call, Chat and Meeting options.

Tap on the **Plus** icon to add new contacts.

Phone Tab

Tap on the **Phone** tab to make a call, view your Call History and listen to Voicemail.

Phone To make a call, tap on a contact and select the number to call or tap on the **Dialer** icon and enter the number.

If the person you are calling has caller ID, they will see your individual Frontier phone number.

The Voicemail tab indicates the number of messages received.

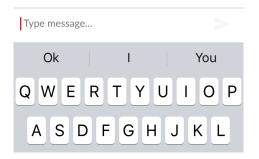

- Tap on the Play icon to listen to a voicemail.
- Tap on the Voicemail entry to see Call, Chat, Meetings and More options.
- Tap More to access View contact, Mark as Unheard or Delete Message.

If you have a fax message, the Faxes tab appears; you can tap on it to see the fax.

Chat Tab

Tap the Chat tab to use Instant Messaging. Enter your Chat Address and Password Chat and tap Sign in.

Tap on a contact to continue a previous conversation or click on the **New message** coicon and choose a contact to message.

From within the chat window, you can start or continue a conversation, send files, call a contact, or add one or more participants to a conversation. Your Instant Messages automatically sync to all your Frontier Communicator devices.

Receiving Calls

When someone calls your Frontier number. Frontier Communicator offers the choice to accept or reject the call.

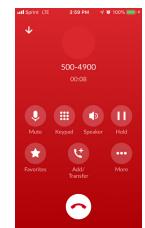

Depending on the other services you have from Frontier you may also see the incoming call on your

Frontier desk phone, on your desktop, or on a tablet device. You can answer the call on whichever device is most convenient for you.

During the Call

While a call is in progress you can use the call window to:

- Mute your microphone.
- Access the **Keypad**.
- Turn on the Speaker.
- Put the call on **Hold**.
- Invite a Favourites contact to join the call.
- Add/Transfer the call allows you to make a second call and add the contact into a 3-way call or transfer the call.
- Access More options (send video or switch the call to another device).

You may receive another call while you are already on a call. Frontier Communicator for Mobile gives you the option to:

- Hold the existing call and answer the new call.
- End the existing call and answer the new call.
- Ignore the new call.

Transfer the Call

Tap Add/Transfer to send the call to another number. You can select a contact or type in a number to transfer the call to. You can also transfer the call to another of your devices running Frontier Communicator, without hanging up!

Switch the Call to Another Device

If the call has poor audio due to an unreliable Wi-Fi or mobile data service connection, tap **More** then **Switch** and select **This device (cellular)** to move the call to your regular cell phone. Remember the call will now use your mobile minutes.

Alternatively, you can push the call to another of your devices running Frontier Communicator, such as your desktop or your iPad. Tap **More** and then **Switch** and select **Another device** to push the call to whichever device is most convenient.

Call Pull

You can pull calls from your other devices onto your mobile. If a call exists that can be pulled, Frontier Communicator displays a **Call Available to Pull** option. Tap this option and follow the onscreen prompts to pull the call onto your mobile.

Favourites

Tap the **Star** icon on a contact's directory entry to add the contact to **Favourites**.

Favourites contacts appear in a banner at the top of the **Contacts** tab

During a call, click on the Favourites icon to view your favourite contacts. Drag and drop a contact into the call window to setup a new call. When the contact answers, you can merge them into the initial call to create a 3-way call.

Call Notification

On Android phones, when you minimize the call window, the notification banner at the top of the screen indicates the active call.

On iOS devices, the call notification banner displays at the bottom of the **Phone** tab.

Presence

Whenever one of your contacts is signed in to their Chat account, Accession Mobile displays their presence information on the **Contacts**, **Phone**, and **Chat** tabs.

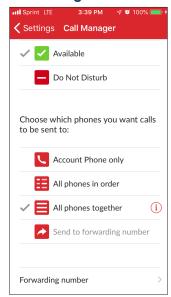

Profile and Settings

Click on your avatar in the top-right to access Call, Chat, Contact, and Messaging settings, and additional setup options. You can also configure your profile, send error reports and access **Call Manager** in the **Profile & Settings** window.

Call Manager

You can tell Accession how to handle your incoming calls. Tap the Call Manager option in the Profile & Settings window and select Available, Do not disturb, or Forward all calls.

If you select **Do Not Disturb**, callers hear
a recorded voice
announcement
saying that you are
unavailable and are
then connected to
your voicemail. None
of your devices will
ring until you turn

off Do Not Disturb, so be sure to use it carefully! Select **Forward all calls** and, in the **Forwarding number** box, enter the number you want to forward all calls to.

Note that when you change your **Call Manager** settings, the change applies on all of your Frontier Communicator devices.

Emergency Calls

Frontier Communicator lets you make calls from anywhere on the most convenient device. If you place a 911 call from Frontier Communicator, the 911 operator may not be able to identify where you are calling from. Inform 911 Operator of your location.
